

## **Medical Information Disclaimer**

Disclaimer: Save Your Skin Foundation was founded by a community of melanoma patients and their friends, family, and caregivers as a support and informational resource for melanoma, non-melanoma skin cancer, and ocular melanoma patients. SYSF staff are not qualified or able to give medical advice. We source our information from a variety of trusted sources, as are cited on our website at the appropriate places. Any patient-directed material we produce is vetted by our medical advisory board, which can be viewed at:
