

About Ocumel Canada

Ocumel Canada, an initiative of Save Your Skin Foundation, was formed to increase awareness, advance treatment options, and build a supportive community for those diagnosed with primary and/or metastatic ocular melanoma (OM). Ocumel Canada is in close collaboration with a global Medical Advisory Board and partner patient representation organizations with the endeavour to build on international best practices to improve patient outcomes for Canadians touched by this disease.

About The Symposium

The Symposium will consist of 7 virtual sessions over 2 days and will provide up-to-date information on primary and metastatic disease, treatment options, testing, and the psychosocial experience of patients. Patients living with primary and metastatic ocular melanoma will also share their experiences.

Dates & Times

April 15 – 9am-12pm PT / 12pm-3pm ET

April 16 – 9am-12pm PT / 12pm-3pm ET
